Beckaden Landowners*			Various	
Lanseria Airport	Mr	G	Sayce	Gavin
Council fo Geosciences		N	Msezane	Nompumelelo

There are many more landowners registered on the IAP Database for this project. The identification of these landowners was undertaken via a winded search, thus only postal addresses were retrieved. All landowners were posted a letter requesting their relevant details so that they may be registered completely and informed via other means. However to date, we have

received very few responses to the letter. Thus these landowners have been omitted from the list above as their names have not been provided.

* Furthermore a list of email addresses of all landowners within Beckaden has been provided by the Landowners Association. Again these IAPs have been omitted from the list above as their names are unknown.

To date, there are a total of 155 IAPs registered on the database for the project.
