For attention: Mr Walter Fyvie

Dear Sir

**RE: THE WASTE MANAGEMENT LICENCE REQUIREMENTS FOR THE CITY OF CAPE TOWN
STORMWATER MANAGEMENT EIA PROCESS.**

1. Your electronic correspondence received by the Department on 13 March 2012, refers.
2. Your attention is drawn to the listed activities in terms of the National Environmental Management: Waste Act, 2008 (Act No. 58 of 2008) (NEM:WA) as defined in Category A and B of Government Notice (GN) No. 718 of 3 July 2009. Please be advised that based on the information provided, that the once off storing of silt on the banks of the river does not appear to constitute any listed activity as defined in terms of Category A and B of GN No. 718. Authorisation is therefore not required from the relevant authority prior to the undertaking of the said activity.
3. However, should any component of the activity be listed in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) ("NEMA") 2010 Environmental Impact Assessment ("EIA") Regulations and the NEM:WA Waste Management listed activity(ies), an application for authorisation must be submitted to the relevant authority and authorisation obtained before such activity(ies) may commence.
4. The applicant must comply with any other statutory requirements that may be applicable to the undertaking of the activity.
