

Environmental Services Profile

GIBB's Environmental Services has a proven track record in the planning, co-ordination, management and execution of a wide range of projects. The environmental team comprises of 30 highly qualified environmental professionals located in major centres throughout South Africa as well as project offices in sub-Saharan Africa. This enables the projects to be undertaken throughout the country in an efficient and cost effective manner.

Our vast experience in the environmental field and our ability to successfully manage a wide range of projects of all magnitudes makes us well placed to contribute to the successful completion of projects.

Our range of services include:

Environmental Sciences

- Environmental Management Systems (EMS)
- Environmental Advisory Services
- Environmental liability and risk assessment
- Integrated Development Planning (IDP)
- Strategic Environmental Assessment (SEAs)
- Environmental Management Frameworks (EMFs)
- Environmental Impact Assessment (EIAs)
- Public consultation
- Environmental Management Programmes (EMPs)
- Environmental training
- Environmental monitoring and auditing
- Environmental permit and regulatory compliance management
- Coastal zone management and planning
- Botanical and rehabilitation assessments

Environmental Engineering

- Pollution prevention
- Landfill planning, development, design, construction and closure
- Risk assessment
- Integrated Waste Management Plans
- Environmental monitoring protocols
- Permitting of landfill sites
- Business consulting
- Site remediation
- Landfill management and operation plans
- Waste minimization and recycling
- Hazardous waste management
- Leachate treatment and landfill gas management and monitoring
- Environmental permit and regulatory compliance management

Environmental Services Profile (Cont)

Environmental Experience

GIBB's environmental team has completed many projects including:

Strategic Environmental Management (Advisory Services, SEAs, EMFs)

- SEA for the proposed 1 million ha Heritage Park extending from the Madikwe National Park to the Pilansberg National Park
- SEA for the proposed Vaalkopdam Provincial Nature Reserve
- SEA as part of Phase 1 of the proposed Gonubie Equestrian Housing Estate
- SEA for Muldersdrift and Sandton, Gauteng

Environmental Impact Assessments (EIAs)

- EIA for the R4 billion Braamhoek Pumped Storage Scheme
- EIA and public consultation process for the City of Johannesburg's R250 million flagship Strategic Public Transport Network project
- Scoping study for the proposed network of toll roads (e.g. Ben Schoeman) between Johannesburg and Pretoria
- Project management of the Integrated Environmental Management process and EIA for the upgrade and rehabilitation for Chapman's Peak Drive
- EIA for the regional landfill site for Buffalo City Municipality
- EIA for rural settlement of 600 houses in the visually sensitive Groot Drakenstein valley

Environmental Management Programmes (EMPs)

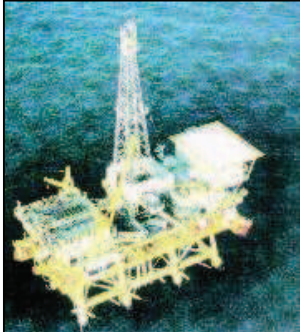

- EMPs for the construction and operation of the Table Mountain Aerial Cableway
- Generic EMP for Johannesburg City Parks
- EMP for the construction phase of Du Toit's Kloof Pass
- EMP for the R10 million Thesen Island remediation project in Knysna including the investigation and remediation of a timber processing plant including creosote and CCA contaminated land
- EMP for the decommissioning, soil remediation, revegetation and long term monitoring of Somchem's 11 ha armaments testing facility in the Kogelberg Biosphere Reserve

Environmental Management Systems (EMS)

- Development and implementation of an EMS for Cape Town International Airport as well as a generic EMS for international airports in South Africa
- Development and implementation of an EMS for the Coega IDZ in Port Elizabeth
- Development and implementation of an EMS for a Japanese owned ceramic substrate manufacturing plant in Cape Town
- Development and implementation of an EMS for water supplies in nine major cities in Mozambique

Environmental Services Profile (Cont)

Public Participation Processes (PPP)

- PPP for the proposed new landfill site for the town of Oudtshoorn
- PPP for the proposed westerly extension of Blanco Boulevard, George involving the assessment of seven alternatives
- PPP for the Kirstenbosch National Botanical Garden's new restaurant

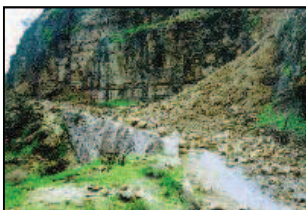

Environmental Monitoring and Auditing

- EMS audit for the operation of the Table Mountain Aerial cableway
- Due diligence audits for four distribution centres for an international client
- Due diligence and environmental health and safety audits for ten industrial facilities in South Africa operated by ECO BAT
- Due diligence audit for a vinyl manufacturing plant in Somerset West

Botanical Studies (Surveys, Assessments & Rehabilitation Plans)

- Botanical specialist assessment and rehabilitation plan between Olifants River mouth and Doringbaai, West Coast
- Botanical specialist assessment within the 100 ha proposed Karwyderskraal landfill site (Bot River Valley), including recommendations for mitigation and management
- Botanical specialist assessment within Phases 1 to 3 of the 2 000 ha residential development in Milnerton, including mapping vegetation remnants using a global positioning system
- Assessment of the flora within the 350 ha site of the Cape Town International Airport, including the identification of "no go" areas and significant environmental issues

Waste Management

- Permitting and design of 450 000 ton per annum waste disposal and processing facility for City of Cape Town
- Permitting and design of regional waste disposal facility and transfer stations for Buffalo City Municipality
- Permitting, planning and design of three waste transfer stations and disposal site for the Overberg Municipality
- Integrated waste management plan for Amatole District Municipality

Certification of Environmental Practitioners

In line with a national trend for professionals to become registered with a certification body, a body for environmental practitioners has recently been implemented. Neal Carter, our senior consultant has been appointed to the Interim Certification Board. A number of our staff have been certified or are currently applying for certification.

1. PROPOSED POSITION : **Environmental Scientist**
2. NAME OF FIRM : GIBB (Pty) Ltd
3. NAME OF STAFF : Elisabeth NORTJE
4. DATE OF BIRTH : 28.11.1975 **NATIONALITY** : South African
5. YEARS WITH FIRM : 3 years, 9 months

6. SUMMARY OF QUALIFICATIONS:

An environmental scientist with 11 years of experience, Elisabeth Nortje specialises in project management and compilation of Environmental Impact Assessments (EIAs) and Environmental Management Plans (EMPs) related to infrastructure, industrial, mixed use residential as well as urban renewal projects. She has worked on EIAs related to the construction of linear features such as national roads and pipelines and has recently worked on EIAs related the Distribution Power Lines and the construction and operation of the Nucelar-1 Power Station. She has also been involved in the management and compilation of Strategic Environmental Assessments for Master Planning purposes, Environmental Management Programmes (EMPRs), Water Use License Applications (WULAs), environmental input into engineering design and geological sensitivity assessments.

Her key experience includes:

- Technical Peer Review for internal and external clients
- Environmental Impact Assessments, including Scoping and Environmental Impact Assessment (EIA) Processes and Basic Assessments for proposed infrastructure and industrial projects, mixed use and residential projects and urban renewal projects
- Environmental Management Planning, including the compilation of Environmental Management Plans (EMPs)
- Public Participation Processes and consultation, including coordinating, facilitating and managing such processes
- Project Management of environmental projects in the mixed use, residential, infrastructure, mining and government sectors
- Mentoring of junior team members
- Geological Sensitivity Assessments, including research and desktop studies

7. EDUCATION:

<i>Institution:</i>	<i>Qualification:</i>	<i>Year Obtained:</i>
University of Witwatersrand	Postgraduate Diploma in Environmental Science	2011
University of Witwatersrand	Bachelor of Science (Hons) (Geology)	1999
University of Witwatersrand	Bachelor of Science (Geology and Advanced Earth Science)	1998

8. MEMBERSHIPS OF PROFESSIONAL ASSOCIATIONS:

- Member of the International Association for Impact Assessment – South African Branch

9. OTHER TRAINING:

- Communication for Effective Public Participation : International Association for Public Participation, 2008
- Water Use Application Procedures by S Du Toit
- Planning for Effective Public Participation : International Association for Public Participation, 2008

10. COUNTRIES OF WORK EXPERIENCE:

South Africa

11. LANGUAGES:

	<i>Speaking:</i>	<i>Reading:</i>	<i>Writing:</i>
English	Excellent	Excellent	Excellent
Afrikaans	Excellent	Excellent	Excellent
Dutch	-	Good	-
German	-	Some Ability	-

12. EMPLOYMENT RECORD:

From:	October 2009	To:	Date
Employer:			GIBB (Pty) Ltd
Position held:			Technical Peer Reviewer and Senior Environmental Scientist, Environmental Sector
From:	January 2007	To:	September 2009
Employer:			Strategic Environmental Focus
Position held:			Project Leader, Environmental Services Divisions
From:	February 2006	To:	September 2006
Employer:			The Mineral Corporation
Position held:			Research Geologist
From:	February 2006	To:	April 2006
Employer:			University of Johannesburg
Position held:			Part-time Lecturer
From:	February 2006	To:	September 2006
Employer:			The Mineral Corporation
Position held:			Research Geologist
From:	March 2004	To:	December 2005
Employer:			Tantco Global (Pty) Ltd
Position held:			Researcher and Technical Personal Assistant
From:	2002	To:	2004
Employer:			Media Monitoring Project
Position held:			Researcher and Writer
From:	August 2001	To:	December 2003
Employer:			Leigh, Day & Company. Solicitors
Position held:			Researcher and Office Manager

13. DETAILED TASKS ASSIGNED :

- Technical Peer Review
- Manage Systems and Efficiencies
- Project and Team Management
- Financial Planning
- Financial and Budget Control
- Marketing
- Office Management
- Recruitment
- Performance Reviews and Mentoring
- Key Client Liaison and Management
- Specialist Management
- Authority Liaison
- Research

- Lecturing
- Acting as Environmental Impact Assessment Practitioner (EAP)
- Site auditing and compilation of audit reports
- Manage, review, write and give technical input into:
 - Large scale EIAs
 - Environmental Opinions
 - Feasibility Studies
 - Research
 - Specialists Sensitivity Assessments
 - Masterplanning
 - Mining Applications
 - Open Space Management Frameworks
 - Environmental Compliance
 - Public Participation and Stakeholder Engagement
 - Environmental Risk Identification and input into Engineering Design.

14.	WORK UNDERTAKEN THAT BEST ILLUSTRATES CAPABILITY TO HANDLE THE TASKS ASSIGNED
	<p>NAME OF ASSIGNMENT/PROJECT: TECHNICAL PEER REVIEW</p> <p>YEAR: From: 2013 To: Current</p> <p>LOCATION: South Africa</p> <p>CLIENT: GIBB EIA and Licensing Unit, Environmental Sector</p> <p>MAIN PROJECT FEATURES: Technical Peer Review of the following projects:</p> <ul style="list-style-type: none"> – Environmental Management System Audits at the Wild Coast Sun Casino, Bizana; – Coega Mill EIA and EMP; – RBM to Richards Bay CBD Road EIA (Basic Assessment, EMP and Issues and Response Report); – Transnet Locomotive Testing Shed (Basic Assessment, EMP and Issues and Response Report); – SANRAL N2 Intersection Expansion and Internal Access Roads Upgrade (Basic Assessment, EMP and Issues and Response Report); – Rehabilitation of the Kouga Dam and Associated Mining Activities (Basic Assessment, EMP, Issues and Response Report, EMPR and Water Use License Application); – Report on environmental sensitivities and possible permitting requirements for the Thornhill Bulk Water Supply upgrade and rehabilitation project; – PPC Jupiter (Draft Basic Assessment Report and EMP); – Kazungula Bridge Project (Environmental inputs into Status Quo Report and Environmental Action Plan) – Botswana and Zimbabwe; – Port Harcourt Monorail EIA – Nigeria. <p>POSITIONS HELD: GIBB Technical Peer Review Unit Manager</p> <p>ACTIVITIES PERFORMED: Technical Peer Review</p>
	<p>NAME OF ASSIGNMENT/PROJECT: ESKOM NUCLEAR-1 EIA AND EMP</p> <p>YEAR: From: 2009 To: 2013</p> <p>LOCATION: Eastern and Western Cape, South Africa</p> <p>CLIENT: Eskom Generation</p> <p>MAIN PROJECT FEATURES: Nuclear 1 Power Station Project Scoping and EIA Process and compilation of an Environmental Management Programme. The Nuclear 1 project concerns the proposed construction, operation and decommissioning of a conventional nuclear power station and associated infrastructure in the Western and Eastern Cape</p> <p>POSITIONS HELD: Project Leader (2012 – 2013)/Senior Environmental Scientist (2009 to 2012) and Peer Reviewer for the Revised Draft EIR Version 2 (2013 to current)</p>

ACTIVITIES PERFORMED:	<ul style="list-style-type: none"> – Write and give technical input into the BA, EMP and Public Participation; – Technical Review; – Financial Planning; – Financial and Budget Control; – Key Client Liaison and Management; – Specialist Management; – Authority Liaison; – Mentoring.
NAME OF ASSIGNMENT/PROJECT:	HALFWAY HOUSE COMMERCIAL PROJECT
YEAR:	From: 2008 To: 2009
LOCATION:	Gauteng, South Africa
CLIENT:	The Bental Group
MAIN PROJECT FEATURES:	Basic Assessment for the proposed Halfway House Commercial Project. Project and Environmental Manager
POSITIONS HELD:	Project Leader and Environmental Manager
ACTIVITIES PERFORMED:	<ul style="list-style-type: none"> – Write and give technical input into the BA, EMP and Public Participation; – Technical Review; – Financial Planning and Budget Control; – Key Client Liaison and Management; – Specialist Management; – Authority Liaison; – Mentoring.
NAME OF ASSIGNMENT/PROJECT:	BRUMMERSHEIM OPEN CAST COAL MINING
YEAR:	From: 2008 To: 2009
LOCATION:	Mpumalanga, South Africa
CLIENT:	Umthombo Resources (Pty) Ltd
MAIN PROJECT FEATURES:	Brummersheim Open Cast Coal Mining, Mpumalanga
POSITIONS HELD:	Project Leader and Environmental Impact Assessment Practitioner (EAP)
ACTIVITIES PERFORMED:	<ul style="list-style-type: none"> – Environmental Impact Assessment Practitioner; – Write and give technical input into the EMPR, EMP and Public Participation; – Technical Review; – Financial Planning; – Financial and Budget Control; – Key Client Liaison and Management; – Specialist Management; – Authority Liaison; – Mentoring.
NAME OF ASSIGNMENT/PROJECT:	ESKOM-KLERKSDORP STRATEGIC ENVIRONMENTAL ASSESSMENT
YEAR:	From: 2008 To: 2009
LOCATION:	Northwest, Gauteng and Free State, South Africa
CLIENT:	Iyanda Power Technologies
MAIN PROJECT FEATURES:	Develop Masterplan with associated specialist studies
POSITIONS HELD:	Project Leader, Project Specialist and Environmental Manager
ACTIVITIES PERFORMED:	<ul style="list-style-type: none"> – Compile Geological Sensitivity Assessment; – Write and give technical input into the Masterplan; – Technical Review; – Financial Planning; – Financial and Budget Control; – Key Client Liaison and Management; – Specialist Management.

NAME OF ASSIGNMENT/PROJECT:	ESKOM CENTRAL REGION MASTERPLAN
YEAR:	From: 2008 To: 2009
LOCATION:	Gauteng, South Africa
CLIENT:	NETGroup
MAIN PROJECT FEATURES:	Develop Masterplan with associated specialist studies
POSITIONS HELD:	Project Specialist
ACTIVITIES PERFORMED:	Compile Geological Sensitivity Assessment
NAME OF ASSIGNMENT/PROJECT:	ESKOM MARGATE MASTERPLAN
YEAR:	From: 2008 To: 2009
LOCATION:	KwaZulu-Natal, South Africa
CLIENT:	NETGroup
MAIN PROJECT FEATURES:	Develop Masterplan with associated specialist studies
POSITIONS HELD:	Project Specialist
ACTIVITIES PERFORMED:	Compile Geological Sensitivity Assessment
NAME OF ASSIGNMENT/PROJECT:	ESKOM WESTERN CAPE MASTERPLAN
YEAR:	From: 2008 To: 2009
LOCATION:	Western Cape, South Africa
CLIENT:	NETGroup
MAIN PROJECT FEATURES:	Develop Masterplan with associated specialist studies
POSITIONS HELD:	Project Specialist
ACTIVITIES PERFORMED:	Compile Geological Sensitivity Assessment
NAME OF ASSIGNMENT/PROJECT:	ESKOM PRETORIA FSA MASTERPLAN
YEAR:	From: 2008 To: 2009
LOCATION:	Gauteng, South Africa
CLIENT:	NETGroup
MAIN PROJECT FEATURES:	Develop Masterplan with associated specialist studies
POSITIONS HELD:	Project Specialist
ACTIVITIES PERFORMED:	Compile Geological Sensitivity Assessment
NAME OF ASSIGNMENT/PROJECT:	ESKOM DUHVA AND ESKOM BRAVO WATER PIPELINE PROJECTS
YEAR:	From: 2008 To: 2008
LOCATION:	Mpumalanga, South Africa
CLIENT:	Eskom Generation
MAIN PROJECT FEATURES:	Water Use License Applications for the proposed Eskom Duhva and Eskom Bravo Water Pipeline Projects
POSITIONS HELD:	Environmental Manager
ACTIVITIES PERFORMED:	Compile Water Use License Application
NAME OF ASSIGNMENT/PROJECT:	SASOL CAA TANK EIA
YEAR:	From: 2008 To: 2008
LOCATION:	Free State, South Africa
CLIENT:	Sasol Technology (Sasolburg)
MAIN PROJECT FEATURES:	Sasol Sasolburg Crude Acrylic Acid (CAA) tank installation Scoping and EIA Process
POSITIONS HELD:	Environmental Manager
ACTIVITIES PERFORMED:	<ul style="list-style-type: none"> – Write and give technical input into the EIA, EMP and Public Participation; – Financial Planning; – Financial and Budget Control; – Key Client Liaison and Management; – Specialist Management; – Authority Liaison.
NAME OF ASSIGNMENT/PROJECT:	WESTONARIA SOUTH DEVELOPMENT
YEAR:	From: 2007 To: 2009
LOCATION:	Gauteng, South Africa
CLIENT:	Urban Dynamics/Power House

	<p>MAIN PROJECT FEATURES: Scoping and Environmental Impact Assessment (in terms of ECA) for the proposed Westonaria South Housing Project</p> <p>POSITIONS HELD: Project Leader and Environmental Manager</p> <p>ACTIVITIES PERFORMED:</p> <ul style="list-style-type: none"> – Write the EIA and EMP; – Key Client Liaison and Management; – Authority Liaison.

2. NAME OF FIRM : GIBB (Pty) Ltd
3. NAME OF STAFF : Katherine DE JONG
4. DATE OF BIRTH : 15.05.1986 NATIONALITY : South African
5. YEARS WITH FIRM : 1

6. SUMMARY OF QUALIFICATIONS:

An environmental scientist with just over two years of consulting experience, Katherine de Jong specialises in environmental impact assessments, environmental auditing and other environmental related projects. She was employed as an environmental scientist at Jones & Wagener Consulting Civil Engineers before joining GIBB's Environmental Division.

Her key experience includes:

- Environmental impact assessment, including basic assessments, public participation and coordination of specialist studies for a variety of services infrastructure, industrial and mining developments
- Environmental auditing, including environmental compliance audits of mines and industries
- Integrated waste management planning, for a power station and platinum mine
- Integrated water use licence applications for coal mines

7. EDUCATION:

<i>Institution:</i>	<i>Qualification:</i>	<i>Year Obtained:</i>
University of KwaZulu-Natal	Bachelor of Science (Honours)	2009
University of KwaZulu-Natal	Bachelor of Science	2008

8. MEMBERSHIPS OF PROFESSIONAL ASSOCIATIONS:

- Member of the Responsible Packaging Management Association of Southern Africa (RPMASA)
- Member of the International Association of Impact Assessors South Africa (IAIASA)

9. OTHER TRAINING:

- RPMASA SANS 10406: Transport of dangerous goods, reprocessing of previously certified packaging (3 day course)
- RPMASA Conference
- Ward Karlson Air Quality Workshop
- Environmental Law Workshop
- Responsible Care Workshop - Air Quality
- WasteCon
- SABS Environmental Management Systems: Understanding and Implementation of ISO 14001:2004 Module One

10. COUNTRIES OF WORK EXPERIENCE:

South Africa

11. LANGUAGES:
