Dear Samantha

## **Re Final Environmental Impact Report for Proposed Caledon Wind Farm**

DEA ref: 12/12/20/1701

Thank you for seeing our team at short notice for the meeting we had on 25 July 2012.

I hereby confirm that Caledon Wind agrees to make available to the CapeNature Stewardship Programme as much of the Renosterveld on the land under our lease agreement as the Stewardship Programme needs on inception of the lease agreement with the land owner.

Electrawinds, as the majority shareholder in this project, has a proud global track record of protecting the environment wherever our projects are undertaken. We plan to sustain this proud track record and look forward to working with you in this regard in future.

Yours Sincerely,

P Desender  
**Director**  
**(and Director of Electrawinds)**
